

SERVING TEMPERATURE

Each wine in order to give its best flavour and aroma characteristic must be served to the appropriate temperature. So note:

1. For sweet and sparkling wines : 6°C to 8°C
2. For white and rose wines : 8°C to 12°C
3. For fresh fruity red wines (Nouveau): 10°C to 14°C
4. For mature red wines: 16°C to 18°C

Also we should serve wine up to the middle or at the most to the 2/3 of the glass.
